Entering the Program

The only way to enter SmartEES2 programme is through the open **Call for Application Experiments (AEs)**

Call for AEs – Timings and cut-off dates

Constantly open Call from 6th March 2020

Apply **anytime** between until **31st August 2021**

Any submitted **proposal will be evaluated in the nearest cut-off** (deadline: **17:00 CET**)

CUT-OFF	DATES
1st Cut-off	05/06/2020
2nd Cut-off	23/09/2020
3 rd Cut-off	15/01/2021
4 th Cut-off	07/05/2021
5 th Cut-off	31/08/2021

1. Experimenting and testing end-product ideas with FWE technologies

Flexible and Wearable electronics:

- *OLED lighting*
- *Organic photovoltaics*
- *Flexible displays*
- *Electronics and components*
- *Integrated smart systems*
- *Smart textiles*
- *Structural electronics*

Aim of Application Experiments:

- *The transformation of a product idea into a **functional product demonstrator**;*
- *The creation of an **exploitation plan**.*

2. Support to manufacturing of FWE based end-products including upscaling

Manufacturing technologies:

- *Electronics Printing*
- *High volume component assembly*
- *Post-processing / Finishing*
- *Structural electronics*

Aim of application experiments for this topic:

- ***Small series of demonstrators;***
- *Advancement and validation of the **exploitation plan** (e.g. cost calculation, supply chain, market expansion).*

Covid -19 horizontal topic

Who can apply?

The Call is open to:

- **SMEs** and **Mid-caps**
- **Tech** (innovative companies) or **non-tech** (traditional industries)
- **From all activities fields**
- **Established in eligible countries**

- **Primary target ‘Early adopters’**
- **Secondary target is ‘Early majority’**
- **Finally, ‘Innovators’**
- In terms of value chain position of applicants/companies, SmartEes2 targets technology end-users (product designers, developers, integrators, etc.) and manufacturers.

Self-assessment questionnaire available

Open Call – Where to look for information?

Before you apply

1. Check out the smartees.eu;

1. Discover & review validated **FWE and manufacturing technologies on the [Marketplace](#)**;
2. **Select & identify** the technology(ies) that could bring advanced features/functions to your novel product idea / series of products;

2. Download & read Call documents;

1. [SmartEes2 Call for Application Experiments](#)
2. [Application Guidelines](#)
3. [Service Delivery Agreement \(SDA\)](#)

3. Make sure that you satisfy eligibility criteria

4. **Register through the submission software at <https://apply.smartees2.eu>;**

5. **Answer the questions and Download Application Form from the software;**

6. **Complete the Application Form, save it as a PDF file (MAX 5 pages), upload it and submit it through the submission software.**

We will accept only applications in English language.

Proposal acronym: MSPT

0/2000

Summary:
Do not disclose any Intellectual Property Rights

Is this the first time that you submit your proposal?
 1st Submission Re-submission

Does your Application Experiment include Flexible and Wearable Electronics technology? (Visit Marketplace)
 Yes No

Is your demonstrator a wearable product?
 Yes No

Have you already identified a Flexible and Wearable Electronics EU supplier for your Application Experiment?
 Yes No

Please download the template, fill in all sections following instruction contained in the [proposal document](#), save it as a PDF and upload it. Only PDF files up to 5 pages will be accepted. Please note that you will no longer be able to change your application form once you click on Submit.

Upload Proposal: No file chosen

understood the in-kind contribution conditions?
 Yes No

Sector your application experiment proposal refers to
 Automotive Building & architecture Consumer electronics Energy Lighting Logistics Medical & pharmaceutical Packaging Printing & graphic art Textile & fashion Others

Have you already received the Financial Support to Third Parties (FSTP) via open calls from H2020 I4MS and SAE projects?
 Yes No

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 872076.

Application form

! Please take careful note of these instructions. The 1st page of this file contains proposal information you completed through the software, do not change it. You are required to fill in all other sections of the application form following instructions in the Application Guidelines respecting the page limit as follows: **1.5 page for Concept, 1 page for implementation and 1.5 page for Impact**. Once complete, save the file as a **PDF document (maximum 5 pages)**, upload and submit it through the submission software. We suggest you respect the following formatting constraints: Times New Roman, at least font size 11, page size A4, margins (2.0 cm side and 1.5 cm top and bottom), at least single line spacing.

Have you received any support from the SmartEes consortium?

- **Evaluation Panel** composed of **3 evaluators**
- Following criteria to be marked:
 - Concept,
 - Implementation
 - Impact
- Scores ranging from **0 to 5**. The maximum overall score is 15. The average of the 3 scores given by evaluators per section and total will be calculated for each proposal.
- To be successful proposals - **achieve threshold score per individual criteria (3), and overall threshold (9)**.
- Proposals will be ranked according to the overall scores in descending order.
- The most successful proposals, having passed the evaluation, will be offered the chance to negotiate and define a Joint Implementation Plan with the Service Delivery Manager assigned by SmartEEs Community.
- Evaluation will be returned approximately **8 weeks from submission deadline**.
